## OOCHEE ACADEMY.

THE Trustees of Oocene Academy wish to inform the public that they have a very flourishing school, now being taught by W. J. M. MASKELL. This is the fourth session Mr. Maskell has taught in our Academy. We find him fully competent to discharge all the various duties of teacher in all the different departments of Literature usually taught to the best institutions of learning in our country.

The present session will end the last of September, the next will commence on the first Monday of November next. The Trustees have lately prepared the following Apparatus, &c.

A set of Surveying Instruments, Telescopes, and Stand.

Terrestrial Globe, Graves Galvanic Battery, six plates.

Electro-Magnetic Telegraph.

Electro-Magnet.

Magnetizing Induction.

Quadrant Electrostatic.

Also, several other small Apparatus.

Surveying is taught both theoretically and practically. In addition to the above we have a handsome Library containing some eighty volumes of the most approved authors,—concerning Latin and Greek Authors, text books of Science, and general reading.

The Trustees flatter themselves that in a short time they will make one amongst the most flourishing Institutions in the State, and every design to keep increasing the Library, and Apparatus.

We have a large two-story Brick Building, with four rooms, Tuition and Boarding can be had here as cheap as at any Institution of learning in the State.

Dec. 28, 1849. WM. BURNS.

## Dr. Martin's Compound Syrup of Wild Cherry & Sarsaparilla.

THE Wild Cherry and Sarsaparilla, which are the basis of this Medicine, have long been celebrated in Consumption, Stridula, Diseases of the Skin, Coughs, Spitting of Blood, Asthma, &c. The Right Rev. W. R. Whittingham, Bishop of the Protestant Episcopal Church in Maryland, has authorized us to say, he has used it in his own person, with decided benefit; and many of our medical friends do not hesitate to recommend it in their practice. See Dr. Samuel Harper's letter to us in the Pamphlet, which you can obtain gratis from Agent, The Bonnshorough Odd Fellows of Washington county, Md., of January 20th, 1848, says:

"When an article has afforded relief to so many persons as Dr. Martin's Compound Syrup of Wild Cherry, has done so well, we feel bound to make it known. There never was an article in this country that has afforded relief and gave more satisfaction than this. In the neighborhood of Brownsville, in this county, it has affected several important cures, and from our own certain knowledge of it, we pronounce it unequalled for the cure of Coughs, Colds, and diseases of this kind."

In the "Clergyman's Sure Throat," (Bromelias,) it may truly be said, to be the "Sovereign Balm," as the Old Fellow of the 6th January, 1848, calls it. It effects most other medicines in being remarkably pleasant, and in having any of those heating, stupefying or disgusting properties, which are found in most other preparations of the Wild Cherry or Sarsaparilla. Prepared and sold by MARTIN & WHITELEY, No. 48 South Calvert st., Baltimore; and for sale by G. W. ROSS & CO., Athens, McMinn co.; W. & T. Harris, Danbridge, and James H. Jones & Co., Chuckey Bend, Jefferson co.; Stuart & Co., Newport, and McNabb, Gourneour & Co., Parrottsville, Cooke co.—Lowry, Eason & Co., and Craigmiles & Co., Greenville, Greene co.—Hughes & Reynolds, Benton, Polk co.

## Dr. Martin's Universal Purgative Pills.

A REMEDY for all seasons, and safe at all times. The most superficial observer is aware that one great cause of disease is Constipation, and that by the timely taking of a Purgative, the system is often restored to its usual health. By such causes the lives of hundreds are saved, who would otherwise have fallen victims to disease. These PILLS remove all irritation in the bowels, and excite the natural necessities, and I am the same ready to give any information concerning them. Come and see me.

B. F. MARTIN,  
Calhoun, April 19, 1850.—40. 82

## Look Before You Buy! Mail Line from Knoxville to CHATTANOOGA.

### B. F. MARTIN

RESPECTFULLY begs leave to call the attention of his friends, and the public in general to his large and fashionable stock of SPRING AND SUMMER GOODS, that he is just receiving. These Goods have been selected with great care, and bought as low as cash could buy them in the United States.
